

# Assignment: Assignment 2: Angular Forms

Submit by January 24, 11:59 PM PT

## Important Information

It is especially important to submit this assignment before the deadline, January 24, 11:59 PM PT, because it must be graded by others. If you submit late, there may not be enough classmates around to review your work. This makes it difficult - and in some cases, impossible - to produce a grade. Submit on time to avoid these risks.
