

Redeem your IBM Bluemix free trial

As a learner in this Capstone course, you are being provided the opportunity to access IBM Bluemix® platform-as-a-service trial for up to six months at no-charge with no credit card (up to a \$1500 value). With Bluemix you have a single platform in the cloud that will enable you to develop your own apps using a wide range of IBM services and APIs, including big data, analytics, Internet of Things (IoT), Watson, mobile, security and more. Bluemix is an ideal platform to accelerate your innovation on both sides of the firewall. To claim your free trial click the blue "Open Tool" button below.

This course uses a third-party tool, Redeem your IBM Bluemix free trial, to enhance your learning experience. The tool will reference basic information like your Coursera ID.
