

Below are links to resources recommended in the previous video along with a few other options we'd recommend:

**Interview Questions:**

(Book) [Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions](#) by McDowell

**Data Structures and Algorithms Reference:**

(Website) [Open Data Structures](#)

(Textbook) [Introduction to Algorithms, 3rd Edition](#) by Cormen, Leiserson, Rivest, and Stein

(Textbook) [Algorithms](#) by Dasgupta, Papadimitriou, and Vazirani

**Effective Programming Reference:**

(Book) [Effective C++](#) by Meyers

(Book) [Effective Java](#) by Bloch
