Introduction to Cordova and ngCordova: Objectives and Outcomes

In this lesson you will be introduced to Cordova and ngCordova. You will learn how to use them within your Ionic application. You will use the first Cordova plugin for splash screen in the exercises in this lesson. At the end of this lesson, you will be able to:

- Understand the role of Cordova and how it enables access to a device's native capabilities through its JavaScript API
- Understand how ngCordova wraps the Cordova plugins into Angular services and how you can make use of them in your Ionic application.
- Explore the Cordova splash screen plugin and use it to control the splash screen.
